

Knoxville Meeting Minutes - 08/15/2015

Cedar Bluff Library Branch

12:30PM-3PM

Called by: Peter Campbell, LEGO Ambassador

Attendees

Peter Campbell, Michelle Frostell, Richard Frostell, Katie Mitchell, Marty Mitchell, Shannon & Shannon Shaw, Michael Dayah & Jeanette.

Minutes

- We welcomed the Shaws to their first meeting. They made the hour and a half drive from Johnson City to participate.
- We also welcomed Michael Dayah as a new member! He found out about us on Reddit and brought his friend Jeannette.
- Pete gave a brief overview on how typical events are put together and how collaborations have worked in the past. Pete has enough infrastructure to support the chapter initially, with 15 tables, table skirt, 10 stanchions, chain and 3 banners. We can build more tables for members as need arises and Frosty indicated they could get table skirt material at discount when needed. Pete also discussed event setup, transportation tips, what to expect from the audience and gave a brief overview of a typical town and train setup where members are typically responsible for a number of tables and shared some specifics regarding how train track is handled.
- Everyone was interested in name badges. Pete will send out the details for everyone to check before submitting an order.
- There was also interest in T-shirts. Pete will coordinate an order for the chapter and will share the online provider of custom t-shirts as well.
- We also discussed members interest in more detail. Pete and Marty discussed photos of their collections. Frosty, Michelle, Michael and the Shaws all spoke about their interests. There seems to be a lot of town/architecture interest. Frosty and Shannon both have an interest in technic/GBC, etc...
- The club's next event, Boomsday, was discussed. Everyone present indicated they would be able to participate. Pete has planned to provide all MOCs but other members are welcome to if they want. Pete will poll the members this week via e-mail to see exactly what MOCs might need to be worked into the display. Pete indicated the event insurance has been paid and will also be getting more details regarding setup time to be shared with the club.
- Marty & Katie brought several MOCs to the meeting and these were discussed.
- We concluded with a great set draft! We had 7 copies of the Creator Beach Hut.
