III. Choosing to be a chapter v. starting our own LUG

Jenni outlined the benefits of being a chapter and discovered that no one else was really worried either way. We're a chapter of TNVLC.

IV. What TNVLC does

We discussed TNVLC's recent shows, the standards for participation in the train layout, how other MOCs are displayed.

Nashville chapter members were invited to contribute modular style MOCs to be displayed on the Joys' tables at BrickBlast.

Everyone outlined their particular building interests.

VI. Other club matters
