

Meeting Minutes - 11/3/2012

Huntsville Madison County Public Library
12PM-2PM

Called by: Peter Campbell, Club President

Attendees

Franklin Atkins, David Bissell, Samantha Brewer, Chris Bolton, Peter Campbell, Jennifer Garlen, Jay Graham, Charles Naumann

Minutes

- Chris shared his experience speaking to the Priceville Jr High School LEGO Club. We were contacted by them in September and Chris was able to volunteer his time to visit the school. They all had a great time. They meet regularly and we are welcome back any time. We need to remember to tell them about Discover Tech and the summer show in 2013.
- Pete shared plans for NormalPalooza. Chris and Pete will be representing the club on the 10th. Layout is compact, but features some interesting track geometry. It's also more cohesive by disregarding table boundaries. This could be attempted on a larger scale in the future. Will also be setting up a large play brick area.
- Pete introduced David Bissell and his family, our newest members!
- Discussed planning for Southerland Station and BrickFair, AL participation. Estimated participation / table requirements for Southerland:
 - Pete – 2 (city layout)
 - Caleb – 1 (city layout)
 - Le – 1 (city layout)
 - Charles – 3 (city layout)
 - Jennifer – 2 (city layout)
 - Chris – 2 (city layout)
 - David B. – 1 (city layout)
 - Jared – 2 (WW2 layout)
 - Scott – 2 (city layout)
 - David – GBC?
 - Franklin – Haunted House?
 - Matt – GBC
 - Charles – GBC
 - Trey – Trains
- Pete will be printing MOC cards and Jennifer will coordinate the Seek & Find.
- For BrickFair, Pete will acquire a trailer for transporting tables and MOCs. Also, registration and payment were stressed. Given the size of the layout, we could also use as many trains as possible. Finally, Pete is attempting to minimize changes for everyone between Southerland Station & BrickFair. Plan for BrickFair was reviewed.
- BrickFair also needs speakers for the seminars.
- Jay mentioned LEGO robotics possibilities with the Space and Rocket Center and shared some of the programs available there. There might be a chance to get some of them to host a seminar at BrickFair.
- Charles demonstrated his working lamp posts and a GBC module.
- Chris shared a link to aftermarket foliage which is available in a variety of nice fall colors, link will be added to our website.
- The set draft included the VW Camper Van, 10220 and Star Wars Republic Striker-Class Starfighter 9497.
