- Franklin Atkins
- Josiah Blake
- Bill Boettner
- Mathew Calahan
- Megan Calahan
- Peter Campbell
- Caleb Ellett
- Logan Ellett
- Will Ellett
- Jennifer Garlen
- Jenni Joy
- John Lennon
- Michael Lowder
- Renee Lowder
- Le Pitts

II. Botanical Gardens: Nature Connects – Model Building Sessions

- Jennifer and Chris have scheduled two sessions in the next month.
- Builds:
 - Jenifer - Micro City
 - Chris - Orrery model
 - \$25 for Botanical Gardens members, \$30 for non-members
- Still waiting on parts for the model build for Botanical Gardens.

III. Library Display: BrickTastick LEGO Show

- June 27-28
- This year will be more of a LEGO-con. We will not be the only ones participating in this event.
- The event will take over the entire library rather than just a single set of few rooms
- We will consume the auditorium. Bingo & Games on 2nd floor.
- Library will show movies with popcorn and drinks
- On 3rd floor there will be panels with 1st LEGO league - Hampton Cove middle will be displaying their 1st LEGO League robot.

- They will let people bring their own MOC's on the 3rd floor.

IV. July Informal Club Gathering

- Details to come

V. Knoxville Display: BoomsDay - Labor Day Event

- September 6
- Pete will supply the bulk of the layout.
- Single day event: Fireworks, family activities.
- This year we have to pay our way, but if it is well received, they might cover our expenses.
- Pete hopes to display the bridge he is building.

VI. Sci-Quest Display: BrickBlast 2015

- Dec 5-6 with setup anytime on Friday
- Saturday 9:00 A.M.-9:00 P.M.
- Sunday 11:00 A.M.-5 P.M.
- Sci-Quest will take care of advertising for the event.

VII. New Concept for future events:

- Jennifer & Franklin want to us to consider creating larger MOC's that connect together much like micropolis
- Considering having tables without train going around it - like Chris & Jennifer working on self-contained wild west theme
- Need to publish requirements documents for different themes on our website
- We need to document all activities (books & bricks, etc). Create a standardized form that can be used at shows to help better document events.
- Make sure post on website for each event (with attendance numbers, etc).
