The group first met at the Opry Mills Lego store to partake in AFOL appreciation day. Great fun was had by all.

The smaller group mentioned above then took the meeting to Rafe's house where they proceeded to construct ten display tables for use at shows. Work continued throughout the afternoon and we adjourned at about 4:00p.

The group reconvened the next day (Sunday) to complete the work.

In total, 10 tables were constructed and there were no injuries!!!

Tables will be used by the makers at various shows.
