

TNVLC Nashville Chapter

Meeting 2019.03.09

In attendance:

Rafe Donahue, Allen White, Lawrence Martin, Brad Minor, Brian Sauls, Brad Kaufman, Jarvis Brinson, Lee Gould, Faustino Ciapati, Jefferson Brinson, Becca joy, Jenni Joy, Edward Sampson, Sam Bell, Willie Neblett, Yvette Neblett.

Mtg opened at 2:01p. Edward presiding.

Jenni described Project Transformation at three in Nashville area. Kids make stuff and get to keep their creations.

Group discussed Lugbult and what worked well and what didn't. Group would like to see more transparency on parts selected but in general were grateful that the program even exists.

Show and tell

Jarvis showed John Wick's mustang and John Wick. Discussion ensued regarding the appropriateness of weapons and non-Lego weapons and keeping things in good taste.

Ed showed a batmobile from The Animated Series and a car from The Defender and Optimus Prime from whatever Optimus Prime is from. Many ooos and ahhs.

Brick Universe

Brick Universe is in three weeks (March 30 & 31). Participants planning to attend: Willie and Yvette and Ed and Sam and BBQ and the Joys and Jarvis and Doug and perhaps others that I have missed.

Set up is Friday; exact time to be determined.

Discussion also ensued surrounding a standard MOC display card. We probably want smaller rather than larger so that if we have a display with several MOCs we can use multiple cards. Probably will go with a couple of different sizes all based on the same general style.

Other stuff

A realization was made that Heros and Villians is the same weekend as Brick Universe Knoxville. A pall dropped over the group.

Reminder was made that if we do anything as a club, we need to write it up.

Rumors

Perhaps a double VIP points might be coming last weekend in April.

Mtg adjourned 4:02p.
