Elaine White

Business:

1. **LUGBulk.** Chapter element selections are finalized. All individual orders must be submitted by Saturday, February 29th. The chapter will be invoiced, and the order may be delivered anytime June through the end of the calendar year. Please be ready to pay Charles as soon as we are invoiced

2. **BrickBlast Knoxville.** Marty is working with Visit Knoxville to find a venue for future years. We will use the Cedar Bluff library for this year, with tentative dates of June 19-20 (Father's Day weekend) and a backup date of May 22-23 (Memorial Day weekend).
 - a. Play brick will be located in the children's area
 - b. We'll use the community room for club displays and games. The room is square allowing for three walls of display and a central table. 8 tables are planned for a city layout.
 - c. We can potentially use the outdoor covered area weather-permitting.
 - d. We estimate 100 people could attend this year.
 - e. We're hoping for some participation from the Nashville chapter.
 - f. *Request for donations:* Small donations (small sets/polybags) for game prizes.

3. **New City Collaborative: Trailer Park Standard.** Marty will send out the standard sizes. 18 lots in total available (with two already claimed). Left and Right layouts can be made.

4. **Knoxille Build Contest.** Pick an (unlicensed) LEGO theme that is currently retired (e.g. Western, Belville, Gallidor) and build a “set” in that theme. Three prizes will be available. Judging will be based on how good the build is and how it fits in with the rest of the builds. *Due Date: April 19th business meeting.*
5. **March Social.** Marty will follow-up with details. Considering a viewing party of the Star Wars Lego Masters episode.
6. **Other Business.** Patrick can get cases of new 2x4 tan plates for \$50 + shipping. Contact him for more information.
